Attachments for Caterpillar Backhoe Loaders

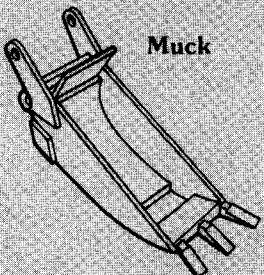

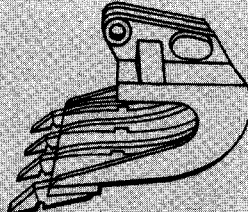

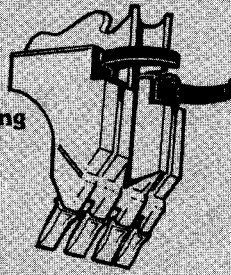

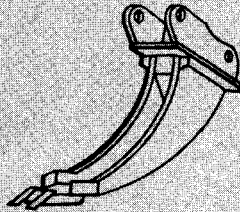

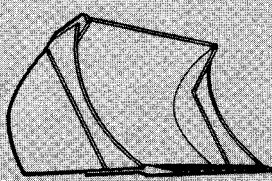

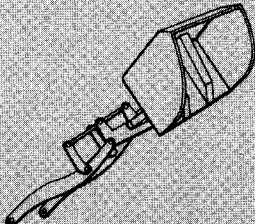

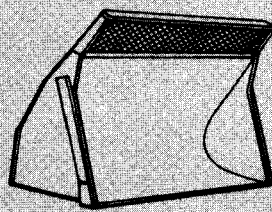

**CATERPILLAR**

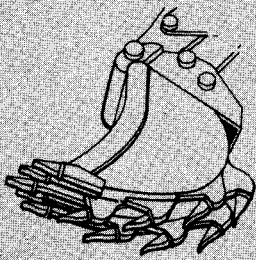

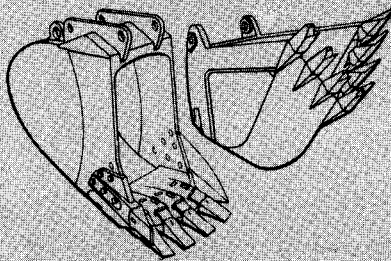

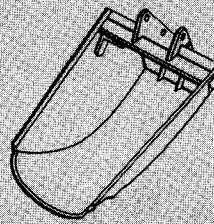

Caterpillar, Cat and  are Trademarks of Caterpillar Tractor Co.

Sales Training Division, G.O.
Information Bulletin TECB4055

Introduction		Air conditioning		Anti-theft device	
Attachment		Bellhole/cemetery	Clamshell	Clay spade	
	(Buckets, backhoe cont'd)				
Attachment Use		Used to assist in digging straight vertical walls and square corners.	Used for digging vertical holes, or in watery, free flowing material. Also used for grabbing and lifting.	Used to dig wet clay or other sticky, cohesive materials. Shallow bucket sides promote easy dumping.	
Attachment Manufacturer	Soneruds Maskin AB Sepulveda, CA Tow-Tem Industries Inc. Kirkland, WA Wain-Roy, Inc. Hubbardston, MA Weldco (WA), Inc. Enumclaw, WA Werk-Brau Co., Inc. Findlay, OH (General purpose, heavy duty and rock buckets are also available from Caterpillar Tractor Co.)	Ajusta-Bucket, Inc. Erie, PA Gannon Manufacturing Co., Inc. La Mirada, CA Werk-Brau Co., Inc. Findlay, OH	Ajusta-Bucket, Inc. Erie, PA Kinshofer Corporation Kansas City, MO Tow-Tem Industries Inc. Kirkland, WA Weldco (WA), Inc. Enumclaw, WA	Ajusta-Bucket, Inc. Erie, PA Werk-Brau Co., Inc. Findlay, OH	
Attachment		Ejector	General purpose	G profile	Grab bucket
					
Attachment Use		Bottom (rear) plate of bucket moves forward during dumping to positively eject sticky material.	Standard size and duty used in normal conditions and materials.	Narrow bucket design (7-9 inches) excavates narrow trenches for gas or electrical pipeline.	Hydraulically-powered claws on back of bucket assist in grabbing cumbersome, hard-to-load materials. Can also accept numerous tools for added versatility, such as ripper tooth, asphalt cutter, grading blade, etc.
Attachment Manufacturer		Gieth, Inc. Bullville, NY	Ajusta-Bucket, Inc. Erie, PA Gannon Manufacturing Co., Inc. La Mirada, CA Wain-Roy, Inc. Hubbardston, MA (General purpose buckets also available from Caterpillar Tractor Co.) (refer to the beginning of this backhoe bucket	Gieth, Inc. Bullville, NY	Soneruds Maskin AB Sepulveda, CA

Attachment	 <p>Muck</p>	 <p>Pavement removal</p>	 <p>Pole erecting</p>	 <p>Railroad cribbing</p>
Attachment Use	Used to excavate wet, sticky and cohesive materials.	Bucket sides are removed to permit bucket floor to slide underneath concrete or asphalt slabs for easy removal.	Back of bucket is concave to allow claws to grab and positively secure pole for removal or installing.	Narrow bucket design used for digging between railroad ties.
Attachment Manufacturer	<p>Ajusta-Bucket, Inc. Erie, PA</p> <p>Werk-Brau Co., Inc. Findlay, OH</p>	<p>Ajusta-Bucket, Inc. Erie, PA</p> <p>Central Fabricators, Inc. Ripper (frost/rock)**Rock****Round bottom/sand**

Buckets, loader:

Attachment

Teeth are added to bottom of bucket to assist in excavation of frozen or rocky soils.

Extra strength, reinforcement and wear material for digging rocky soils. Some have aggressive "V" shape design.

Bucket sides are flared to slope trench sides and reduce cave-in risks in sandy, less cohesive soils. Round bottom shapes floor for pipe.

**Loader buckets

enclosures**

Attachment

Provides greater versatility by
loading, dozing and grabbing
cumbersome objects.

Hydraulic clamping jaws
especially useful in loading
loose, free-flowing materials.

Can dump forward or to the
side in close-quarter work
when maneuvering is
restricted.

Soft-sided enclosure or sheet
metal panels fit onto open
canopy. May also replace
open canopy.

Compactors, wheel

Wheel type compactors generally used to compact trench. Clamps to or replaces backhoe or loader bucket.

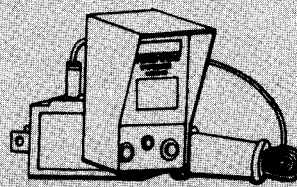

Compaction Specialists, Inc.
Lakewood, CO

Trench Compaction Co. Div.
of American Coupler Systems
West
Castle Rock, CO

Crane

Replaces backhoe boom and stick. Uses telescoping stick and cable winch to lift and position construction materials.

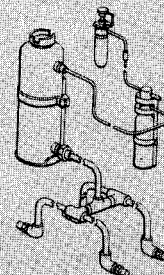

Trac-Back Corporation
Laurens, IA

Depth indicator

Sensing unit mounted at backhoe bucket pivot pins sends signal to digital readout in operator's compartment indicating depth of trench.

Levelator Corporation
Bellevue, WA

Maynard Industries, Inc.
Lansing, MI

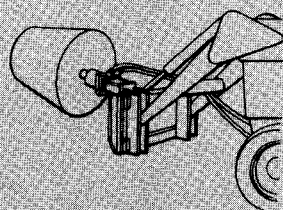

Fire Suppression

Complete package of fire suppression chemical, canister and piping.

Lease Afex, Inc.
Raleigh, NC

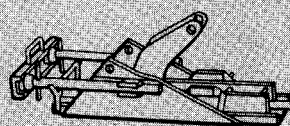

Attachment**Use****Attachment
Manufacturer**

(Hammer,
hydraulic/pneumatic cont'd)

Mixer, drum type

Concrete or material mixing drum. Replaces backhoe or loader bucket.

McMillen Div. of States
Engineering Corp.
Fort Wayne, IN

Pusher/borer/puller

Replaces backhoe bucket or can be independent of backhoe. Used to drive utility lines (gas, electric telephone) under driveways or roads.

Allied Steel & Tractor
Products, Inc.
Solon, OH

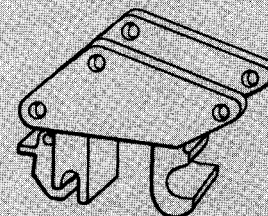

Bybee Enterprises, Inc.
Independence, MO

Poweram Corporation
Barron, WI

POW-R Devices, Inc.
Clarence Center, NY

Stanley Hydraulic Tools
Milwaukie, OR

Waterman Construction Co.,
Inc.
Waterman, IL

Quick coupler, backhoe

Allows backhoe buckets and other attachments to be quickly changed... some without tools or leaving the operators seat. Quick couplers come rigid and also swivel or wrist type.

Ajusta-Buckets, Inc.
Erie, PA

Central Fabricators, Inc.
Rothschild, WI

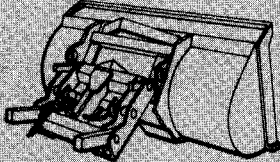

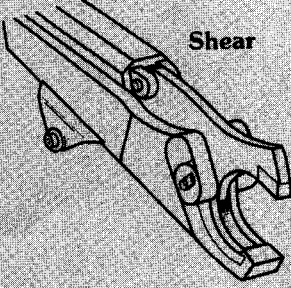

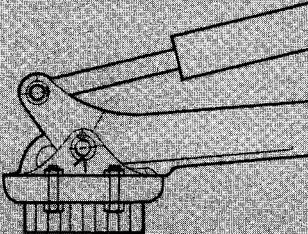

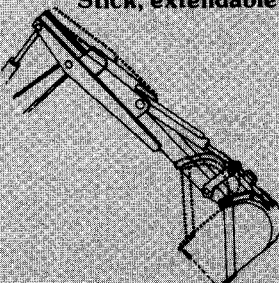

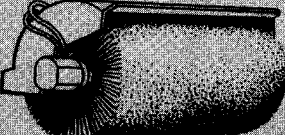

Geith, Inc.

Sideboom

Mounts to tractor frame. Used to raise, carry and lower pipe. Cable controls powered by auxillary hydraulics.

Midwestern Manufacturing Company
Tulsa, OK

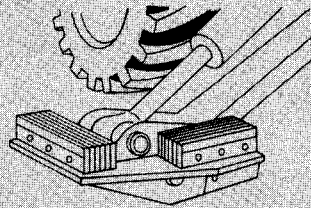

Sod cutter

Mounts to backhoe or loader bucket. Has adjustable cutting depth. Used for stripping sod.

Guest Industries, Inc.
Torrington, CT

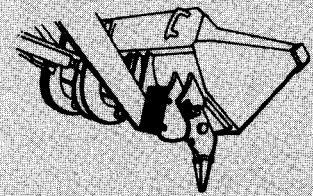

Stabilizers, reversible (flip pads)

Replaces standard pads. Rubber-padded side is used to prevent damage on paved streets. Iron cleat side is used on dirt surface.

Stoughton Steel Inc.
Hanover, MA

Stabilizers, street, and frost

Mounts to loader bucket. Uses either rubber pads or spikes on both sides of bucket to anchor machine to streets or frozen ground. Rubber pads also prevent street damage.

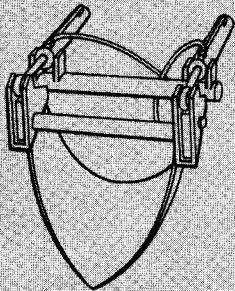

Wain-Roy, Inc.
Hubbardston, MA

Attachment

Attachment Use

Attachment Manufacturer

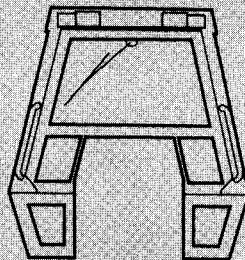

Tree Scoop

Replaces loader or backhoe bucket. Digs around and under tree roots to lift and carry tree.

Schutt's Equipment Company
Birmingham, MI

Windshield, open ROPS

Windshield mounted between two front OROPS posts. Provides operator protection from wind, rain and blowing sand.

Industrial Cab Company, Inc.
Indianapolis, IN
